APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A valve must be installed and maintained to prevent waste of water and accurate measurements of water placed to beneficial use must be taken from time to time. This source is located within an area that has been designated by the State Engineer as coming within the meaning of the 1939 Underground Water Act as amended in 1943; therefore the State has the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic foot per second.

Actual construction work shall begin on or before February 4, 1948

Proof of commencement of work shall be filed before March 4, 1948

Work must be prosecuted with reasonable diligence and be completed on or before February 4, 1950

Proof of completion of work shall be filed before March 4, 1950

Application of water to beneficial use shall be made on or before

February 4, 1951

Proof of the application of water to beneficial

use must be filed with State Engineer on or before March 4, 1951

ap Filed MAR 13 1947

Proof of commencement of work filed FEB 20 1948

Proof of completion of work filed FEB 20 1948

Cancelled MAY 6 1955 because of failure to

file corrected application within statutory time.

WITNESS MY HAND AND SEAL this 5th day

of August, 1947
